In re: KGPL (AM)
Dermott, Arkansas

Dear Sir or Madame:

On September 27, 1995 the Commission sent you a letter requesting updated information on the operating status of station KGPL, Dermott, Arkansas. As of the date of this letter, the Commission has not received a response from you.

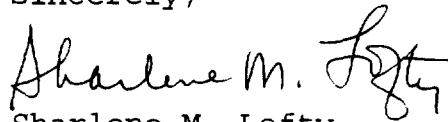

Accordingly, you are requested to verify that KGPL, Dermott, Arkansas is currently operating under the specifications of the station's license, or if the station is not operating, a temporary authorization is necessary. If a temporary authorization is necessary, your attention is directed to Section 73.1740(a)(4) of the Commission's Rules.

In order for the Commission to determine if additional silent authority is justified, you are required to provide a detailed explanation of the specific steps that you have taken and plan to take to return your station to the air. Included in the explanation should be a detailed timetable and the target date for the resumption of broadcasting. Additional items that may be included to support your request are copies of correspondence, receipts and other documents that will illustrate the extent of your efforts and the sincerity of your intention to return to the air.

On December 11, 1991, the Commission adopted a report and order (copy attached) which amended Part I of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, any requests for extension of authority to remain silent must be accompanied by a certification that neither the applicant nor any party to the request is not subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement.

You are required to provide the aforementioned information within thirty days of the date of this letter. Failure to provide the required information will result in appropriate action by the Commission to terminate your authority to continue as a licensee.

Sincerely,

A handwritten signature in cursive script that reads "Sharlene M. Lofty". The signature is written in dark ink and is positioned above the typed name and title.

In re: **KGPL(AM)**, Dermott, AR

Assignment of License

Dear Mr. Garziglia:

This is in reference to the above-captioned application for the assignment of license of **KGPL(AM)**, Dermott, Arkansas, from **KXSA Radio, Inc.** to Great Rivers Vocational Technical School.

On several occasions you were requested to update the application by submitting an amendment concerning the assignee's financial qualifications. Subsequently, in response to informal staff telephone inquiries, by letters dated November 7, 1995 and November 20, 1995, you advised the Commission that the station's finances were dependent upon funding from the Arkansas State Legislature, as well as private grants. Consequently, you contended that without this funding the assignee could not certify its financial qualifications.

Contingent applications like the **KGPL(AM)** assignment application contribute towards the Commission's backlog of applications. The Mass Media Bureau is currently engaged in a vigorous effort to reduce the backlog of pending broadcast applications and to provide more efficient service to the public. Pending but ungrantable applications frustrate this goal. The assignment application was filed in anticipation that funding would be obtained and make the application grantable. Significant staff resources are required to monitor the progress of **KGPL's** application (and others held for similar reasons) - resources

which could be better spent in expediting approvals for new and upgraded service by other applicants. Moreover, KGPL's pending but ungrantable application constitutes an inefficient use of scarce broadcast spectrum in that other potential applicants are precluded from filing proposals which could be approved. Holding the application also provides a disincentive for KGPL to consider alternative measures which, although perhaps less appealing, would provide service more promptly.

Accordingly, pursuant to 47 C.F.R. § 73.3568(b), the assignment of license application for KGPL(AM) (BAL-941202EA) IS HEREBY DISMISSED.

Operational Status Inquiry

Dear Licensee:

It has come to our attention that the above-referenced station has been off the air without authority.

To verify our records, you are required to submit the following information, as applicable:

- (1) If the station is currently operating, please state the date it resumed operations and whether these operations comply with the minimum operating schedule requirements of Section 73.1740 (Commercial AM and FM Stations) or Section 73.561 (Noncommercial Educational FM Stations). Please provide a copy of any letter notifying the Commission that the station resumed broadcast operations. Further, in the event that any AM station remains silent for a period over 6 months, it is necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas. If you have not complied with this requirement, please submit a Form 302 to resume operations.
- (2) If the station is currently silent with authority, please submit a copy of the Commission letter authorizing this silence. If a request to remain silent was filed more than four months since the date of this letter, please submit an updated justification for continuing to remain off the air.
- (3) If the station is silent and has not filed a request for either an initial temporary authorization or to extend a prior temporary authorization, please submit

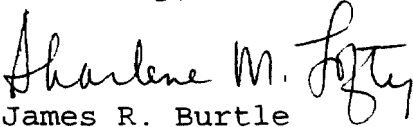

such a request, detailing the necessity for the station's continued silence and providing an estimate when broadcast operations will be resumed. If the station has permanently discontinued operations, please notify the Commission, forwarding the station's license and other instruments of authorization to the Commission for cancellation pursuant to Section 73.1750 of the Rules.

Please note that, pursuant to the Report and Order (copy attached), adopted by the Commission on December 11, 1991, requests for new and extended temporary authorizations must be accompanied by the appropriate certification (suggested format enclosed) regarding Section 5301 of the Anti-Drug Abuse Act of 1988.

The requested information must be submitted to the Commission, pursuant to Section 73.1015 of the Rules, within thirty days of the date of this letter.¹ Failure to respond or to submit a showing sufficient to justify authorization of continued station silence will result in appropriate action by the Commission to terminate your authority to continue as a licensee.

This letter concerns your pending request for authority to remain silent. Temporary authority is hereby granted for the above-referenced station(s) to remain silent for three months from the date of this letter.

Any further requests for extension of this authority must be accompanied by a detailed summary of steps taken to return the station to on-air operations.
